Which Rainforest Alliance commodities are currently in scope of the regulation?

Coffee and tea  
Cocoa and hazelnuts  
Coffee and cocoa  
tea and banana

What are the benefits of RA certification program in the context of EUDR? Select all that apply.

The certification program comes equipped with a range of tools and systems that can provide companies with complementary information needed for EUDR compliance:

- a. Deforestation risk assessment process
- b. RA Certification means EUDR compliance
- c. Access to RA proprietary forest layers for high risk countries
- d. End-to-end traceability and third party audited chain of custody system

What steps can farm Certificate Holders take to anticipate the needs of buyers who wish to comply with EUDR? Select all that apply.

- a. Initiate discussions with buyers to understand if they would like to pursue self-selection of criteria
- b. Start to collect geospatial data that will be required in the EUDR self-selected criteria
- c. Ensure a comprehensive understanding of how RA certification system can benefit farm certificate holders
- d. Continue making use of "minor conversion" of land to agricultural use.

To be compliant with EUDR, companies with coffee in their supply chain can transact in...

Identity preserved (IP)  
Mixed Identity Preserved

Mass Balance

When opting in, what data will the farm Certificate Holders be sharing with direct and indirect buyers in their supply chain complying with EUDR?

- a. Quality of geodata and geodata
- b. Produced volumes
- c. Deforestation risk assessment
- d. Compliance information regarding EUDR self-selected requirements and RA 2020 SAS requirements that align with EUDR

What does the European Union Deforestation Regulation **NOT** aim to do?

- a. reduce carbon emissions caused by EU consumption
- b. address all deforestation driven by agricultural expansion to produce the commodities in the scope of the regulation
- c. prohibit any production of commodities that cause distress to forests

When farm Certificate Holder self-selects the EUDR package, they agree that the Rainforest Alliance is permitted to share the data...

- a. With everyone. The data will be publicly available and searchable.
- b. only with direct and indirect buyers in their supply chain according to transactions in MultiTrace.

What is forest degradation?

- a. reduction of the canopy cover or stocking within a forest
- b. significant loss of trees
- c. conversion of forest to another land use

What does "EUDR" stand for?

European Union Regulatory Directorate

European Union deforestation regulation

United European Forest Regulation

European Union Development Regulation

True or false: farm Certificate Holders are responsible for uploading EUDR due diligence statement on the EU information system.

False. This responsibility lies with the companies selling coffee and cocoa products.

True or false: the EUDR overrides legislation in the country of production.

No, products must also be produced in accordance with relevant legislation of the country of production.

True or false: EUDR compliance is audited by special EU auditors.

False

True or false: Farm Certificate Holders can continue to make use of the current allowance for 'minor conversion' when they select EUDR criteria.

False

True or false: All farm units must submit polygons.

True

False - farm units larger than 4ha

Supply Chain Actors opting in to EUDR do not need to have additional audits.

True

VIDEO 1 2:45	<p>Which of the following statements is true:</p> <p>Statement one: EUDR will impact the quality of all the food products in the EU market in terms of nutritional value by enforcing superior quality practices. <u>(F)</u></p> <p>Statement two: EUDR aims to help stop a significant share of global deforestation and forest degradation as the European Union is a major consumer of commodities associated with these issues, which will, in turn, help reduce greenhouse gas emissions and biodiversity loss. <u>(T)</u></p> <p>Statement three: EUDR aims to end deforestation worldwide by making companies stop selling products from recently deforested land. <u>(F)</u></p>
4:47	<p>Deforestation</p> <p><b>“the conversion of forest to another land use or the long-term reduction of tree canopy cover below the 10% threshold”</b></p> <p>Forest degradation</p> <p><b>“reduction of the canopy cover or stocking within a forest”</b></p>
6:51	<p>Which of the following statements is true:</p>

	<p>1: Coffee and cocoa are the crops within the scope of EUDR relevant for the Rainforest Alliance Certification Program. (T)</p> <p>2: Polygons for plots below 4 hectares are mandatory (F)</p> <p>3: This regulation is optional for companies that place certain products on the EU market or export them from the EU. (F)</p>
<p><b>VIDE O 2 H5P: 3:30</b></p>	<p>True or false: Only the companies placing the product on the EU market and the ones distributing it further for consumption are legally bound by EUDR to provide evidence that the product meets the criteria. (T)</p> <p>True, however, farm certificate holders can expect to be asked to help in providing the evidence the companies need to prove the products meet the criteria.</p>
<p>11:04</p>	<p>Which of the following statements are true:</p> <ol style="list-style-type: none"> <li>1. Farm Certificate Holders who select the EUDR requirements will be able to continue using the “minor conversion of land” allowance for conversion to agricultural use. (F)</li> <li>2. There must be geodata for all farm plots and polygons for farm units of 4 hectares and above (T)</li> <li>3. The geodata must only cover 10% of all farm plots and have at least 6 decimal digits. (F)</li> <li>4. The geodata must contain at least 6 decimal digits and follow additional requirements related to legality (T)</li> <li>5. Farm Certificate Holders who select the EUDR requirements will NOT be able to continue using the “minor conversion of</li> </ol>

	land" allowance for conversion to agricultural use. (T)
18:28	<p>By selecting the EUDR requirements, farmers agree to allow the Rainforest Alliance to share specific data required by EUDR with...</p> <p>with direct and indirect buyers in their supply chain according to transactions in MultiTrace. (T)</p> <p>with anyone affiliated with Rainforest Alliance Certification. (F)</p>
